## **Development Director**

Joseph's House of Camden is a human services nonprofit that provides shelter and social services to people experiencing homelessness. Joseph's House is seeking a full-time development professional to direct all aspects of fundraising campaigns, events, and communications. Duties will include prospect research, grant and report submissions, individual solicitations, public relations and communications, including social media. Bachelor's degree required with a minimum of five years related experience.

Applicant must have excellent writing/editorial skills, interpersonal skills, and ability to manage in a fast paced environment. Proficiency with Microsoft Office applications and social media platforms, as well as database management experience are required.
