Joseph's House is the only walk-up, drop-in nightly shelter available to people experiencing homelessness in Camden. Each night of operation, guests are provided a safe, warm space, a simple meal, hot drinks, and the opportunity to receive targeted referrals to social services to transition out of homelessness. Over the past three years, over 1,000 guests have walked through the Café doors, and 101 guests left Joseph's House having secured transitional or permanent housing.
